

BOOMROCK'S ULTIMATE INCENTIVE

Arrive at our private car testing circuit where you'll experience the latest Mercedes-Benz vehicles hands on. Never wanting to do things by halves, Boomrock's Mercedes-Benz 4WD adventure is where you can experience off-roading in its purist (and muddiest) form.

Tip yourself over the edge of our 250m cliff when you become the pilot of a dual control helicopter. A HELiPRO instructor will explain how to maneuver the chopper and in a matter of minutes the controls will be handed over to you.

The excitement doesn't stop here. Suit up and buckle in with an experienced driver in a purpose built rally car. You're guaranteed to feel your heart pound as he expertly navigates the twists and turns of our gravel road, skirting the cliffs at top speed.

Once back at the Lodge, unwind around the roaring open fire and talk about the thrills of the day whilst enjoying sumptuous cuisine. Exquisite food is synonymous with Boomrock and we pride ourselves on using only the freshest and highest quality produce available.

Depart Boomrock in style dropping off the 250 metre cliff to Wellington CBD by helicopter.

This package is \$945.00pp ex gst and beverages and entitles each guest to:

- Exclusive use of Boomrock Lodge, Car Testing Circuit and its facilities
- Sumptuous 3 course lunch and canapés
