

## The Bunkers Lunch Experience Boomrock's new Beretta Shooting Fields

Come and experience "The Bunkers", Boomrock's new five stand sporting clay fields. The purpose built shelter and stands located south of the Lodge are set amongst tranquil native bush overlooking the Tasman Sea towards the South Island.

Guests will experience a variation of clay targets from two of the three fields. Each field offers a completely different shooting experience, with 5 hidden traps at each (a simulated duck, driven pheasant and grouse), these are ideal for group flurries if shooters are experienced. Shooting can be easily adjusted for beginners through to competition level and tuition is available from our shooting instructors.

Top this day off with a superb BBQ lunch whilst enjoying the views and reminiscing over the days shooting. Our chef Mark Hartstonge will showcase the best of New Zealand cuisine.
